## New display cases in three buildings on campus

New display cases have been installed around campus. Read a comic book about Joseph Goldberger's work in pellagra in the early 20<sup>th</sup> century at the Building 1, 3<sup>rd</sup> floor case. Be amazed at the variety of Clinical Center patches near the Hospitality Desk on the 1<sup>st</sup> floor of the Clinical Center. Think about the social context of coloring books from the Clinical Center by its 2<sup>nd</sup> floor cafeteria. And salute a leading woman investigator, Dr. Margaret Pittman, in the Building 60 lobby. Two cases are coming to the Vaccine Research Center, and one to Building 6.
